December 2, 1966

Delta Omicron Pi's First Place Float "Montclair Awaits the Big Splash"

## Floats, Football, and Concerts Highlight Homecoming Weekend

Homecoming weekend was held on Friday, Saturday and Sunday, November 18, 19, and 20, 1966. The weekend included float construction, a float parade, a football game, two concerts, a tricycle race and clean-up. The weekend started Friday evening at 6:00 p.m. with float construction in the Freshman Parking Lot until 1:00 a.m. The finishing touches were put on the floats Saturday morning before the float parade which started at 12:00 a.m.

The parade route was down Valley to Bellevue Avenue, left on Mount Hebron to Valley Road, right on Valley to Normal Avenue, left on Normal to the football field.

The winners of the float competition were: first, Delta Omicron Pi; second, Dalphac; third, Lambda Omega Tau; fourth, Kappa Rho Upsilon; fifth, Kappa Sigma Rho.

### The Floats

Before the football game against the University of Bridgeport, there was a float parade around the football field. During this parade the themes of the floats were to be presented. However, due to an unfortunate situation, they were not able to be presented. The themes and descriptions which were to be presented are:

**MARGIN FOR EXCELLENCE**, the student division of the College Development Fund, presents **B. C. and His Harem** in an appeal for more money. The goals of Margin For Excellence are a new Student Union Building, student and faculty grants, and an art gallery and art collection for Montclair's campus.

**SOPHOMORE CLASS**, straight from the comics, here comes **Alley Oop**. High astride his dinosaur (Volkswagon Rex), Alley Oop brandishes his club over the feeble Bridgeport Knight. As Alley Oop and the class of '69 put it: "our club is over their heads."

**DELTA SIGMA CHI** invited **Linus**, a member of the younger generation, to visit Montclair. We're hoping that he'll see what Montclair State can offer him today, and the promise it holds for his future. Linus knows that **SECURITY IS.....MONTCLAIR**.

**TAU SIGMA DELTA: Humpty Dumpty** sat on a wall. Humpty Dumpty had a great fall. TAU SIGMA DELTA and all of their friends, welcome the alumni to Montclair again.

**MU SIGMA** presents **Tweety Bird**, who says "I taught I taw alumni." Tweety welcomes MSC alumni to this Homecoming game. The pennant shows he's a fellow Montclairian.

**THE CLASS OF 1968** presents **Topcat**, who feels much at home in the MSC cafeteria. T.C. hope to engineer a new campaign - cafeteria clean-up.

**DELTA THETA SI** borrows one of Walt Disney's creations - **Lady and the Tramp** - to help give Coach Ferris and the MSC football team a big Delta cheer for victory today against Bridgeport. Good Luck, Boys.

**SIGMA DELTA PHI** presents **Popeye**, fighting on the side of

the Montclair Spinach Eaters as he contends with Brutus. Let's hope the Indians will be as Pop-eye on this, our first Homecoming Weekend.

**THETA CHI RHO** presents, "Dream the Impossible Dream." **Pottsy** is directing traffic on Valley Road and Normal Avenue. He hopes that someday his life-long dream - a traffic light at this intersection - will be fulfilled.

**SENIOR CLASS**; "What's up Doc?" is the theme of this year's senior class float. Doc Richardson tells Bugs that the new building and facilities that are springing up around campus are only signs of things to come now if only the state officials will come out of their rabbit holes.

**LAMBDA CHI DELTA: The Roadrunner**. Lambda Chi Deltas cartoon character is **The Road-**

## 18 Seniors Selected For Who's Who Honors

Eighteen seniors have been selected to represent Montclair State College in the 1967 edition of **Who's Who in American Colleges and Universities**. The eighteen seniors include: John Apgar; Charles Barragato; Diana Brackett; Diane J. Bylciw; Nancy Dieck; Erik Engel; Edward Helvey; Patricia Litus; Josephine Mazza; A. John Moncrief, Jr.; Sue Nielson; Karen Sellick; Nancy Skirka; Joan Swackhamer; Richard Traini; John Van Emden; Murray Weiner and Karen Wolfe.

### John Apgar

A physical education major from Springfield, John Apgar is Captain of the MSC Basketball team, and historian of Phi Epsi-

(Continued on page 2)

These seniors were chosen for their outstanding achievements in scholarship, participation and leadership in academic and extra-curricular activities, citizenship, service to school, and professional promise. The maximum number of students is limited to two percent of the total enroll-

### Voting Procedures

The original voting list consisted of the entire membership of the senior class. This list was prepared by Mr. Raymond Stover, assistant director of students. The list was distributed for the primary balloting in which 45 students were chosen for final consideration. The selection committee consisted of the members of the Student Government Association Legislature, the Student Gov't. Executive Board, the college administration including the department chairmen and the personnel department.

The semi-finalists were notified and asked to submit a list of what they considered their four most significant contributions to the campus. In addition, their cumulative averages were considered.

The second and final ballots were considered by the same selection committee. These ballots were counted by Raymond Stover and two representatives of the SGA Legislature.

**Who's Who in American Colleges and Universities** is published annually and contains names of outstanding members of the senior classes of the major colleges and universities throughout the country.

## GREEKS TO SING IN ANNUAL SHOW

The women of Dalphac are presenting Greek Sing tonight at 7:30 p.m. in Memorial Auditorium. Anita Brodka and Judy Coyle are the general chairmen of Greek Sing. There are also several subcommittees working on the program.

After the "Sound of Music" welcome by Dalphac, the program will begin with the following sororities and fraternities participating: Delta Sigma Chi, "Themes In Blue"; Kappa Rho Upsilon, "Females Are Foremost"; Delta Omicron Pi, "Man's Quest As Brothers"; Tau Sigma Delta, "The Elements"; Alpha Chi Beta, "The Game of Love"; Lambda Omega Tau, "Rainy Days"; Lambda Chi Delta, "Famous Movie Themes"; Kappa Sigma Rho, "Captivating Things From Cole Porter."

There will be an intermission after these groups during which the Dirty Birdies will perform and refreshments will be sold in the outer lobby of Memorial Auditorium.

Following the intermission, these groups will perform: Senate, "Moments From the Jolson Era"; Sigma Delta Phi, "What is Man"; Gamma Delta Chi, "An Inebriatory Presentation";

(Continued on page 5)

## Christmas Ball Heralds Seasons

The Christmas Ball will be held December 9, 1966 at the Meadowbrook Dinner Theater, Cedar Grove. The show will be "How To Succeed in Business Without Really Trying," starring Jerry Van Dyke.

At 7:00 p.m., dinner will be served; there will be a choice of halbut steak or chicken. The show will start at 8:40 p.m. There will be dancing until closing.

Reservations have been made for the main hall in order to give more students an opportunity to attend the Christmas Ball. The dress is semi-formal. Seating is on a first come, first served basis. Bids are now on sale at the Fish Bowl for \$12.50 a couple. Each couple is entitled to a complementary color photo and each girl will receive a French perfume favor.

Dalphac's Second Prize Float "Not a Trace of a Space"

## "What is Newmanism?" Topic of Newman Club Discussion

Strange as it may seem, there are many similarities between a mountain site in Ramsey, N.J. and our campus in Montclair. This was one fact brought out to those students present at the bi-monthly Newman Apostolate meeting on November 22, at 7:30 p.m. in C-302.

The mountain in Ramsey is the location of the Immaculate Conception Seminary at Darlington and the three young men who defined these similar aspirations and problems were seminarians Don Scherer, Jerry Robinson, and John Brennan, the new auxiliary chaplains of Newman Club.

"What is Newmanism?" was the initial point of discussion which quickly led to a definition of Christianity since the two terms are inseparable. Whatever definitions one can conjure for these terms it is certain that Newmanism is not a defense against "declining moral standards," that it does not seek to convert non-members on campus, that it will not coerce Catholic students on campus to join, but rather is a 24 hour a day commitment to a Christian way of life, in hope of fostering love and understanding in the home, school, and community.

Newman's purpose is to form an active Christian community, not just to listen to lectures and engage in a three day program of prayer and sacrifice known as a retreat. Newmanism, rather, involves an advance.

To emphasize the importance of total commitment, the seminarians will be on campus at various scheduled times during the school week for those students who wish to know more about Newmanism or who wish just to engage in a friendly chat.

For the first time beginning during the spring semester, the three religious organizations on campus will be allowed to have private offices. This was accomplished through the good will of Dr. Thomas Richardson, president of the college, and the officers and members of the various organizations.

In the words of Fr. Yanneli, president of St. Peter's College, Newman Apostolates are "rushing into the unknown."

## New Facilities Added To Life Hall Lounge

New recreational activities have been organized for Montclair State students in the lower lounge of Life Hall. Pool tables, ping-pong tables, skittles and sock hockey will provide much amusement. Television sets will also be made available.

The pool tables will be open to the students at an hourly rate. In order to take out games, students will be requested to present their ID cards. A commission of dorm students is devising a set of rules and regulations to control the use of the various games.

Funds for the Life Hall Recreation Area will be contributed by the SGA. The area will open on Sunday, December 4, at 1:30 p.m. It will last until 5:50 p.m. If this new recreation is a success, the area may be opened on Saturdays.

However, progress is necessary. Not so much progress as to expansion in present club enrollment, but rather progress in the updating of methods and the organization of Newman activities. Talk is common and cheap in this modern world of communication; dedicated action is rare but essential for growth.

The next Newman Club meeting will be Dec. 6. The guest speaker will be Sr. Maura, president of Caldwell College for Women.

## Dr. Koditschek Discusses Methods Of Enzyme Isolation

Dr. Leah Koditschek, an assistant professor of science at Montclair State College, lectured on "Methods in the Isolation of Enzymes" Tuesday, Nov. 29, at 4 p.m. in Mallory Hall. Dr. Koditschek's lecture was the second in the college's current series of five science seminars.

The series was inaugurated last year by the science department to give science majors, particularly seniors, a close look at subjects that are not covered in depth in the regular undergraduate curriculum. It is conducted by members of the science faculty, who specialize in particular fields.

The present series, under the chairmanship of Roland Flynn, opened in October with a lecture by Dr. Hugh Allen, Jr., on "Star Dust and Cosmology." Future seminars will be held on the fourth Tuesday in February, April and May.

A specialist in bacteriology, Dr. Koditschek holds a B.A. degree from Hunter College, M.A. from Oberlin College, and Ph.D. from Rutgers University. She was worked in various diagnostic and research laboratories, including the Research and Development Division of Merck and Co. (now Merck, Sharpe and Dohme). She has also published several papers in the Journal of Biological Chemistry on microbiological nutrition and metabolism.

Dr. Koditschek resides at 409 Highland Avenue, Upper Montclair.

## ATTENTION SOPHOMORES!

There is still time for sophomores interested in the special training program for urban teaching to make application. Interviews with interested candidates are currently being arranged by Dr. Lawrence Kenyon, project coordinator. Application blanks may be secured in his office, Room 306, Administration Building.

The five semester program, starting in February, will provide students with the opportunity of extensive field work in agencies and schools in Paterson. Participation in the program will not interfere with regular certification.

## 18 Seniors Selected For Who's Who Honors

lon Kappa, professional Physical Education fraternity. He was selected to the All Conference Tennis Team in 1966, and was awarded Panzer Convocation's "Excellence in Skills" award in 1965.

### Charles Barragato

Charles Barragato, an English major from Dumont, is Editor-in-Chief of the *Montclarion*, chairman and treasurer of the Student Bureau of Publications, a member of Senate and student representative to the War Memorial Board.

### Diana Brackett

A business education major from Middlebush, Diana Brackett, has been vice-chairman of the college Life Union Board, and co-chairman of Homecoming. She has also served as Recording Secretary for Sigma Delta Phi Sorority.

### Diane Bylcw

Diane Bylcw, is an English major from Flemington. Diane is President of Women's Interdormitory Council and a member of the Dean's Student Advisory Committee. She has also

participated on Margin for Ex-Relations Laboratory. He has been Carnival Co-chairman, and a member of Margin for Excellence Panels.

### Nancy Dierk

A Latin major from Rahway, Nancy Dierk is a member of the Human Relations Laboratory Planning Committee and is Financial Chairman for College Life Union Board's Concert, Lecture, and Art and Music Committees. She was an Experiment in International Living Ambassador to Switzerland last summer.

### Erik Engel

A Spanish major from Phillipsburg, Erik Engel was President of the Student Government Association last year. He was an Experiment in International Living Ambassador to Spain last summer. Currently, he is President of the Faculty-Student Cooperative Association and a member of the Spanish National Honor Society.

### Edward Helvey

Edward Helvey, an industrial arts major from Clifton, is chairman of the Voice of Montclair State and a trainer for Human

### Patricia Litus

Patricia Litus, an English major from Carteret has been chairman of College Life Union Board. She is President of Sigma Delta Phi sorority and was accepted by the Experiment in International Living.

### Josephine Mazza

A business education major from Red Bank, Josephine Mazza was Carnival Co-chairman, Treasurer of Delta Theta Psi, and business Manager of *Galumph*. Jo was also an Ambassador in the Experiment in International Living to Italy last summer.

### A. John Moncrief, Jr.

John Moncrief, a mathematics major, was Vice-President of the Student Government Association last year. He has been Recording and Alumni Secretary for Lambda Chi Delta, a member of Aphesteon, the National Honorary Mathematics Society, and a Wing Representative to Stone Hall Dormitory Council.

### Sue Nielsen

A physical education major from Penfield, Sue Nielsen has served as President of the Woman's Recreation Association. She was an Ambassador to Switzerland in the Experiment in International Living last Summer. She holds the Theresa Farrell Award for Scholastic Achievement and the Big Sister Ideal Award. She is a member of Delta Sigma Chi sorority.

### Karen Sellick

Karen Sellick, a Language major from Kanseburg, is President of the Student Education Association at Montclair. She was an Ambassador in the Experiment in International Living to Morocco. She is Vice President of Delta Sigma Chi sorority.

### Nancy Skirka

An English major from Maywood, Nancy Skirka is Editor-in-Chief of *La Campana*, and an active member of Players. She was corresponding secretary of Kappa Sigma Rho and holds a Woman's Club Scholarship.

### Joan Swackhamer

Joan Swackhamer, an English

major from Haddon Heights, is President of Delta Omicron Pi Sorority and Co-Senior Editor of *La Campana*. She was a student representative to Margin for Excellence and vice-president of Dormitory Council.

### Richard Traini

A Mathematics major from Penns Grove, Richard Traini has been a class officer of the Class of 1967 for four years. He was an Ambassador and Scholarship recipient in the Experiment in International Living. He is the President of Psi Chi and a Wing Counselor in Stone Hall.

### John Van Emden

A Social Studies major from Fairlawn, John Van Emden was Treasurer of the Student Government Association last year. He was an Ambassador to Holland in the Experiment in International Living last Summer. He was also Pledgemaster for Tau Sigma Delta Fraternity.

### Murray Weiner

Murray Weiner, industrial arts major from Passaic, is President of Epsilon Pi Tau, the Industrial Arts Honor Society. He

is also a member of Kappa Delta Pi, founder of the Transfer Committee. He has been a member of the Student Government Association Legislature for two years.

### Karen Wolfe

A Science major from Oradell, Karen Wolfe has been Vice-President and Treasurer of her class. She has been Recording Secretary for the Science Honor Society, Publicity Co-chairman of Carnival, a member of the College Life Union Board, and Kappa Sigma Rho sorority.

### Semi-Finalists

The semi-finalists in the balloting were Christine Benk, Paul Beischoff, Sharon Brust, Claude Buchman, Lois Calman, Robert Coyle, Janet Davies, Terrence Heid, William Fowler, Patricia Gaffga, Nancy Gross, Thomas Parciak, John Jones, John Kirchner, Hedy Kurbjewit, Nancy Pteers, Louis Mascolo, Anthony Pfister, Joseph McGowan, Alain Ranwez, Patricia Pohlmeier, Virginia Urmei, Ruth Post, Davidbeth Spielman, and Mitchell Strubel.

Karen Wolfe

## Composers Hear Their Works Performed by MSC Sinfonia

When "Musical America V" was presented by Montclair State College Sinfonians on Wednesday, Nov. 30, at 8.30 p.m. in Memorial Auditorium, two composers were on hand to hear their works played. They were Dr. Harry R. Wilson, former head of music at Teachers College, Columbia, and current national president of Phi Mu Alpha Sinfonia, and Robert L. Sanders, a major American composer who formerly headed the music departments at Indiana University and Brooklyn College.

The campus chapter, Lambda Mu, of the national professional music fraternity annually presents "Musical America" as a salute to American composers, both native-born and naturalized. In addition to Dr. Wilson and Mr. Sanders, this year's program included works by Clifford Williams, Randall Thompson, Samuel Barber, and Igor Stravinsky.

Dr. Ward Moore of the music faculty, governor of Sinfonia Province 27, conducted the band. Edward Mc Kee, a junior from Roselle Park, directed the chorus; and Robert Ridsen, a senior

from Cedar Grove, led Stravinsky's "Ragtime for Eleven Instruments." The chapter president, Edmund Moderacki, a junior from Rivervale, was in charge of arrangements for the concert, which featured 55 musicians most of them students.

The program opened with "The Sinfonians," a concert march by Williams based on the fraternity's theme song. Two instrumental numbers by Sanders followed: "Quintet in B Flat" and "Symphony for Band in B Flat."

Choral works included "Happy is the Man" by Wilson, "The God Who Gave Us Life" and "I Shall Not Die Without a Hope" by Thompson, and "Shenandoah," an arrangement of the famous folksong by Dorothy Parker and Robert Shaw. The program closed with "String Quartet Op. 11" by Barber and the ragtime number.

Refreshments were served at intermission.

## SGA Dress Code Facing Changes

The Dress Code Re-evaluation Committee, begun in September, has been studying the manner of dress among students at Montclair State. The possibility of a new Dress Code or revisions of the old one, is under discussion.

The committee is working in conjunction with Dr. Constance Waller and Dean Blanton. Some faculty members have been asked for their views of student attire. Dean Samenfeld of Newark State College has also been consulted about the revised Dress Code at NSC. He stated that, in general, there have been no bad results or increased complaints among students or faculty. Dean Samenfeld stressed that the "appropriateness of dress has not been taken away—only the written dictum telling students how to dress."

### QUESTIONNAIRE RESULTS

Approximately 400 questionnaires have been handed out to girls representing a cross section of classes—commuters, off-campus and dorm students. Results have shown that a great majority of coeds indicated that they feel the present Dress Code is restrictive to a certain degree and hoped that slacks could be worn any time. Further results indicate that students contend that one's attire is not representative of his behavior or work in class. While some girls disagreed with easing the Dress Code, a great many opined that during cold weather slacks should be allowed in all classes.

It is hoped that some agreement between students and faculty, concerning a new or revised Dress Code, can be reached in the near future.

## 'The Critters' To Perform

The Sophomore Class Concert will present "The Critters" on December 10, 1966. The concert will be held in Panzer Gym and will start at 8:30 p.m. Doors will open at 8:00 p.m.

"The Critters," a fast-rising rock-and-roll group, has a light, quiet sound, blending in a soft, harmonic melody. Their hit songs "Younger Girl," and "Mr. Dieingly Sad," have treached the number one spot on hit lists across the country. An album released this past summer, "The Critters Younger Girl," is also popular among recordbuyers. A new record, "Bad Misunderstanding," has just been released.

The group, consisting of Jimmy Ryan, Kenny Gorka, Chris Dorway, and Jeff Pelosi, originates from the Plainfield-Scotch Plains area. Their instruments are two guitars, an electric piano, and drums.

Starting out only a few years ago, "The Critters" is now a popular group, playing in high schools and colleges across the country.

Tickets for the concert are being sold at the Fishbowl from 9:00 a.m. to 4:00 p.m. Monday through Friday. Prices are \$1.50 with SGA card and \$2.00 for outside students and adults; a maximum of two tickets can be bought with an SGA card.

## Fine Arts Exhibit to Present The Works of Hong Kong Artist

The Montclair State College Fine Arts Department will present an exhibition of paintings by a well-known Hong Kong artist, Hon Chi-Fun, from Dec. 6 to Jan. 3 in the foyer of Sprague Library. A reception will be held the opening day from 5 to 7 p.m.

According to Leon de Leeuw, who arranged the showing, the works are Oriental in feeling and 20th Century in subject matter. They are done in both oils and mixed media.

The artist, of Cantonese ancestry, was born and educated in Hong Kong. His first major exhibition was at the Hong Kong Festival in 1960. In 1962 he joined other artists in an exhibit of "Hong Kong Art Today" at Chatham Galleries in his native city. He had a one-man show in 1962 and took part in a four-man show in 1965, both in the same galleries.

Mr. Hon was awarded a gold medal in the Third International Salon of Arts in 1964 and that same year won honors at the Circle Group Show and in the Hong Kong Open Art Competition. His work was first exhibited in this country at Fairleigh Dickinson University Gallery, Madison, last Spring. This was followed by a Summer showing at Somerset Hills Gallery, Morristown, and the current tour of colleges and galleries throughout the United States.

## Yeager Describes Ph D Language Requirement

When reading most graduate catalogs, the one or two language requirement for the PhD often creates a severe trauma in students not acquainted with the specifics of the school to which they hope to gain entrance. In reality, the variety in language requirements is almost as great as the variety in graduate schools, however, almost no schools expect as much from the graduate students as the unacquainted MSC student can mentally conjure up.

Since each school differs, and generally each department within a school differs, a list of the most recurrent requirements can probably give the best perspective on what is actually entailed in satisfying the language requirement. (1-) Most schools require only a reading knowledge, not a speaking knowledge of the foreign language for the degree. (2) Many schools allow you to take the language exam in your own subject matter, which eliminates much work in the mathematics and sciences, since so much of the terminology is international in scope. (3) Many schools allow you to select the books you plan to translate from, which enables you to become familiar with them before the exam. (4) Most schools allow an English-Foreign Language Dictionary to be used in translation exam. (5) Books are available with the 1500-2500 most used words in a language, which enables you to memorize them beforehand, and with the use of a bi-lingual dictionary, translate rapidly. (6) Almost all schools require translation only from the foreign language to English, not from English to the foreign language. (7) Some schools place a limit of two attempts on a test, while others allow unlimited attempts. Where unlimited attempts exist, it is advantageous to take the test each time even if you have no preparation—particularly if it is a multiple choice test from ETS. (8) Many schools allow proficiency in statistics to be used in lieu of one language. (9) Almost all schools give special non-credit reading courses in foreign languages for those attempting to pass PhD exams. (10) While German, Russians and French are the most used languages, most schools will accept the substitution of another language if you can show that it is directly related to your research. (11) There is currently a small movement trying to eliminate the language exams altogether.

Before the modern era of mass communications with the extensive translations into English of most important foreign research, the ability to read a foreign language was an essential.

## Priesing to Perform In Faculty Recital Staged by Music Dept.

The Montclair State College Music Department will present Dorothy Priesing, pianist, in a faculty recital with Nancy Durrett Clarke, violinist, as guest artist, on Dec. 6 at 8 p.m. in the Music Recital Hall.

The program will include "Sonata in G, Op. 96," by Beethoven; "Sonata No. 3" by Prokofieff; and "Sonata in D minor" by Brahms.

Mrs. Priesing and Mrs. Clarke, both Montclair residents have given many sonata recitals in this area.

Mrs. Clarke is a member of the Essex Trio and Colonial Little Symphony and has appeared as soloist in New York, New Jersey, Philadelphia, she has studied under Mme. Lea Lobushutz and Karen Tuttle.

A graduate of the Julliard School of Music and Columbia University, Mrs. Priesing has taught at both of her alma maters. She has been at Montclair State since 1959 and is well-known for her appearances with chamber music groups. Mrs. Priesing is also a composer and is co-author of "Language of the Piano," a textbook that is widely used throughout the country.

## Veteran's Corner

Most veterans attending school under the new GI Bill have received their first checks but if you're one who did not and fail to receive your check due this week, it's possible you failed to do your homework, Mr. Paul M. Nugent, Manager of the VA Regional Office in Newark told veteran-students today. He urged those students who fail to receive checks due this week to:

1. Make sure that the notice of enrollment, which must be filled out by the school has been sent to the VA.

2. Make sure the certificate of attendance, which the veteran must fill out and send to the VA, has been mailed.

3. If there is any question about payment, contact the VA promptly.

Mr. Nugent pointed out that it was not necessary for the veteran student attending college, pursuing degree goal courses, to send in his certificate of attendance for the first month since the Veterans Administration accepted the college's notice of enrollment as basis for paying the first check. However, Mr. Nugent emphasized, all subsequent checks will be withheld until the student's own certificate of attendance is received. Recalling past experience with GI Educational Programs of World War II and the Korean Conflict, he pointed out that a "shakedown period" was necessary before the payment machinery was functioning smoothly. It is possible that a few checks have been delayed by administrative or machine errors, but it is anticipated that these will be limited. Failure to receive checks can be blamed mostly on the delay in receiving certificates. The veteran must send in the certificate of attendance each month.

Mr. Nugent urged students who have any misunderstanding, or who have had checks delayed, to contact the VA Regional Office, 20 Washington Place, Newark, New Jersey; telephone number 645-2150 so that problems may be cleared up.

## Neuner Outlines Programs Providing Financial Aids

### FINANCIAL AIDS

To acquaint the students at Montclair State College with available financial assistance, Mr. Neuner will prepare an article for each issue of the Montclarion describing various local, state and national grants, loans and work-study programs and how to apply for aid.

### WHAT IS FINANCIAL NEED?

Financial need is the difference between the amount of money a student and his family can provide for an education and the expense of that education. Financial need is not a term synonymous with poverty. It is related to college expenses as well as family financial strength. While maintaining its objectively measured standard of living, a family that would need substantial financial aid to send its child to one college might need much less to meet that child's expenses at another institution. Two elements must always be considered:

1. The amount of money the student and his family can reasonably be expected to contribute toward a definite period of education, usually an academic year.

2. The expense of the education during that period at the institution of higher education the student plans to attend.

Financial need is the difference between these two amounts. The greater the difference, the greater the need, measured on a scale relative to college expenses.

### WHO IS ELIGIBLE?

The federal grant, loan, and work-study programs are designed for students who are admissible to post-secondary in-

stitution or who are enrolled in such institution, who are in need of assistance to pay their college expenses, and who are in academic good standing." Within the group of needy students, those of "exceptional financial need" are eligible for the Educational Opportunity Grants program, and those from "low income families" are to be given preference in the allocation of jobs under the College Work-Study Program.

Candidates in "academic good standing" are defined as those eligible to continue to attend the institution in which they are enrolled.

Candidates with "exceptional financial need" are defined as those students coming from families in which the parents can contribute less than \$600.00 per year toward the expenses of the post-secondary education.

Candidates from "low income families" come from families that are receiving or are eligible to receive assistance under a public or private welfare program, or whose parents have combined incomes less than those given in the following schedule:

## MISS MONTCLAIR STATE PAGEANT

February 10, 1967

A DATE TO REMEMBER

## Chemical Society To Meet At MSC

Montclair State College has been selected to participate in the American Chemical Society's "Visiting Scientists in Chemistry for Colleges" program for 1966-67. The program is sponsored by the American Chemical Society and National Science Foundation.

The program has as its objectives: (1) to strengthen and stimulate the chemical programs in colleges; (2) to provide the chemistry staff and chemistry majors in colleges with the opportunity to contact productive and creative chemists; and (3) to aid in the motivation of able college students for careers in chemistry and chemistry teaching.

Our visitor will be Dr. Samuel P. Massie of the Chemistry Dept., U.S. Naval Academy, Annapolis, Maryland.

Dr. Massie received his Ph.D. from Iowa State University and has taught at Langston University, Howard University and Fisk University and was president of North Carolina College from 1963-66. He has also served as an Associate Program Director for the National Science Foundation. His research interests are in the fields of drugs, heterocycles, and reaction mechanisms.

He will be on Campus January 6 and 7 and will lecture in both undergraduate and graduate classes.

## INCREASES SEEN IN TEACHER SALARIES

Teacher salaries have scored a "breakthrough" in New Jersey this year, reports the New Jersey Education Assn., but teachers have still not gained back economic ground lost since 1961.

The average salary for New Jersey teachers now is \$7,356, says the current issue of the NJEA REVIEW, the teacher association's monthly professional journal. Last year's average teacher salary was \$6,968.

The "average teacher" has been in the classroom for 10.2 years, off slightly from last year's experience.

While the aggregate average salary is \$388 higher than in 1965-66, teachers in service last year have received raises averaging over \$500 for the first time in history.

The most significant teacher-salary gains came in the big cities, which have been slipping behind the suburbs since the early 1950s. Few big-city teachers received increases smaller than \$600. Some received as much as \$1,500.

Despite the 1966 increases, teacher salaries have not kept pace with salary gains since 1961 for federal civilian employees or for accountants, auditors, chemists and other "professional employees in industry," N.J.EA reports. In addition, part of the salary gain is wiped out by inflation, as shown by a 3 and a half per cent rise in the cost-of-living index between August of 1965 and August of 1966.

The 1966 gains in salary have made the State's present minimum teacher salary law obsolete, NJEA reports.

# NJEA Warns Against Structure Changes

The New Jersey Education Association has sent telegrams to every member of the State Legislature warning that the proposal to restructure public higher education in New Jersey still contains serious deficiencies.

The Senate Education Committee Tuesday released a report on S-434, the administration bill which would create a new State Board of Higher Education and a new State Department of Higher Education.

The report recommends some amendments to the bill to correct weaknesses that have drawn widespread criticism in the educational community.

"In its present amended form, NJEA says, 'S-434 does only half the job and fails to provide the autonomy necessary for efficient and democratic operation of the colleges.'

On November 3, 1966, the NJEA Delegate Assembly adopted 10 principles which should be embodied in any bill concerning public higher education in New Jersey. The NJEA Higher Education Committee has examined the amended version of S-434 and finds it deficient in the following five areas:

1. S-434 fails to provide coordination among elementary, secondary and higher education.

A council of representatives from the State Board of Education and the proposed State Board of Higher Education should be established to facilitate the coordination of New Jersey's public educational programs. Nothing in S-434, even with the amendments, provides for this needed coordination.

2. S-434 fails to provide faculty voice in policy-making.

S-434, as amended, provides only for token faculty participation in policy-making and governance. There is no guarantee that faculty members will have anything to say about the educational process, curriculum or college standards. Faculty members feel it necessary to have a voice with respect to all problems in which they have a mutual interest with their governing board and administrators. S-434 does not give them the right to this voice.

3. S-434 fails to make provision for faculty grievance procedures.

Nothing in the bill requires college trustees or the State Board of Higher Education to establish a faculty grievance procedures.

4. S-434 fails to provide higher education administrative and teaching faculty with the same basic salary schedule, teaching load and fringe benefit plans — with due recognition to position, rank and experience.

The same basic salary sched-

ule should apply to all faculties alike, whether they be colleges or universities. It is very important that a student have just as good a professor if he attends one higher education institution or another. To do otherwise is to establish a double standard and fail to attract an outstanding faculty in every institution. S-434 contains no guarantee that differentials in basic salaries -- by status of the institution or otherwise -- would not be permitted as a result of pressures or the whim of the State Board of Higher Education.

5. S-434 fails to provide fiscal autonomy within total budgetary appropriation for each institution, freedom for capital improve-

ment and appointment and promotion of personnel.

The bill as written provides that the annual budget for each public college be approved in line-item form. For the State Colleges, all requests to transfer funds from one budget item to another must be cleared with the State Budget Office in Trenton. This prevents the efficient use of budget funds. Also, in constructing facilities and buying supplies the State Colleges must work through the State Division of Purchase and Property in Trenton. This causes unnecessary delays. The State has decided that Rutgers University — also in the State system — should be free of these limitations. The State Colleges should have the same efficient policies.

In its present amended form, S-434 does only half the job and fails to provide the autonomy necessary for efficient and democratic operation of the colleges.

# University of Hawaii to Host International Education Center

The East-West Center, an experiment in international education involving students from the United States, Asia and the Pacific, is offering 70 scholarships to Americans for the 1967-68 academic year.

Initially awarded for one year these scholarships are for graduate work in Asia-Pacific area studies and languages at the University of Hawaii. Some to complete their degree programs and are generally given an opportunity for study and research in Asian or Pacific countries as well as in Hawaii. Scholarships provide for transportation, tuition, room, board, some books and incidental expenses.

Through life at the Center, the more than 600 students from 30 nations learn about different cultures and often gain a deeper appreciation of their own.

The University of Hawaii, enrollment nearly 19,000, has long had an academic outlook toward Asia and the Pacific—a natural result of the multicultural heritage of the 50th state.

The East-West Center was established six years ago by the United States Congress in co-operation with the University. In addition to providing educational opportunities for gradu-

ate degree candidates, the Center sponsors non-degree academic and technical training program brings leading scholars of many countries to the Center as specialists-in-residence. A common goal of all Center activity is creation of a climate encouraging international understanding and good will.

Study, informal discussions and intercultural activities offered by the Center, the University and the Honolulu community are all part of what happens at the "Center for Cultural and Technical Interchange between East and West," the official name of the Center.

Translated into the intensely personal reactions of three students at the Center, interchange can mean:

American: "The students from the Republic of China are much more studious, much more serious about education than we Americans."

Tongan: "I saw life as it really is in America. I was impressed with the value Americans place on work."

Malaysian of Chinese descent: "My roommate from Pakistan prays five times a day. Islam is our national religion, but this is the first time I have seen a Moslem pray."

Students interested in working toward an advanced degree while taking part in this dialogue among cultures should contact the dean of their college for additional information, or write to the Director of Student

# Science Honor Society Inducts Seven Members

On Monday, November 14, new initiates to Sigma Eta Sigma, the national science honor society, were welcomed to membership at the regular November business meeting.

The seven new members are: Dianne Brooks, Kathleen Dineen, Barbara Flenner, Joseph Kloza, Sandra Matousek, Joy Proskow, and Sharon Rosenthal. To be eligible for membership in this honor society, a student must have at least twelve credits of science courses, and must

have a high academic average in those courses. The inductees were welcomed by Mitchel Struble, chapter president, and by Mrs. Kitty Corch of the Montclair State College Science department, advisor to the chapter.

The vice-president of Sigma Eta Sigma is Joan Garbarino, Recording secretary is Karen Wolfe, corresponding secretary is Heidi Kurbjewit, and the treasurer is Bob Leonard.

The Christmas party is presently being planned by the honor society, to be held during mid-December in Grace Freeman Hall. The group is also plan-

ning participation in the annual Science Bowl. Delegates from each of the New Jersey State Colleges are entered in this competition every year. Montclair State College science department has won the Science Bowl for two years in succession.

# Students Selected For Kappa Delta Pi

On Wednesday, November 16, 1966, at 7:00 p.m., 58 new members of the Gamma Epsilon chapter of Kappa Delta Pi were inducted into the honor society at its thirty-fifth annual banquet, which was held at the Friar Tuck Inn.

Kappa Delta Pi is a national honor society in education. Gamma Epsilon is the branch of this honor society at Montclair State College. Members are chosen on the basis of a high cumulative scholastic average maintained over a period of at least two years. This year, an average of 3.41 was required for admission to Kappa Delta Pi.

The new members of Kappa Delta Pi this year were: Mary Abbate, Kathleen (Murphy) Adler, Paula T. Angelina, Ralph H. Anzelmo, Donna M. Aren, Diane L. Atkins, Linda B. Audesirk, Roberta L. Bassar, Marilyn Beresny, Elizabeth Best, Rita C. Brady, Dianne Brookes, Suzanna Burian, Amanda Chen, Claire L. Chodorkoff, Judith Cilo, Nina A. D'Amico, Louise P. D'Andrea, Bruce De Young, Kenneth Donohue, Diane Gallagher, Denise A. Genthon, Barbara Giordano, Virginia Gonzalez, Bernice Jacoby, Andrea Deybida, Maryann C. Kirchenbauer, Kathleen Lions, Evelyn Manowiecki Sandra Matousek, Edward G. Mochtak, Edmund Moderacki, Susan F. Paluh, Mary Petracca, Anthony Pfister, Constance B. Pomposelli, Susan L. Porro, Ruth Rawicz, Maryann Reid, Diane J. Robbins, Joanne E. Rossi, Lynda Roszel, Elizabeth L. Schedeman, Carolann Siebert, Harriet Sobel, Jacquelyn Smith, Barbara Stefanowicz, Anne Stillman, Pamela K. Troutman, Jacqueline T. Szubin, Mary C. Thomas, Joanne Vandenbroek, Jacqueline Viger, Leslie Hair, Marcia Hawkins, Barbara J. Kuklinski, Gene A. Del Polito, and Ruth Ellen Post.

The members were greeted by

## from The President's Desk

The Association of State Colleges and Universities met in Washington, D.C. last week and I attended that assembly. The main theme of the gathering had to do with the opportunities provided for State colleges by new federal programs. On the surface of it this does not sound like a very exciting theme and indeed the meeting was conducted in a very matter-of-fact fashion. As unspectacular as the conference and its theme appears, however, we should all be aware that a very fundamental innovation is developing in higher education. Through a variety of federal grants, federally sponsored programs and contractual arrangements, our national government is becoming more involved with colleges.

Some of our country's great engineering colleges are so involved with federally supported programs that the complexion of these institutions would be greatly changed if the federal government curtailed the projects. But the federal government's interest and activities extend far beyond the work in engineering; nearly all colleges in the country have been affected in one way or another by federal programs. Since 1964, Montclair State College has had financial dealings with the Federal government, the National Science Foundation and the Ford Foundation. Of this total all of the money came from federal funds, with the exception of about \$40,000 from the Ford Foundation's Fund for the Advancement of Education.

We can be proud that the college qualified for such a large amount of outside support. Our success in acquiring student loan money and in a large variety of other programs (science, mathematics, economics, special education, distributive education, adult education, head start, teacher training and many others) attest to the high quality of work which is going on at Montclair. These evaluations have been made by outside experts who are very objective. Exciting programs of graduate fellowships in English and special dramatics training are also operating here and they are unique in the country.

try. Add to these a recent grant for a new program for the preparation of teachers for urban underprivileged areas and one can see that our college is deeply involved with the federal government and other national groups and agencies.

When a college accepts money there is a danger of losing some part of its autonomy and integrity; this danger exists even in a college's relationship with the federal government. While Montclair State College wants the money to run the projects which I have described (and indeed many others which are just being formulated), we do not want to give up part of the decision-making prerogative to the federal government. The administration is working hard to maintain the desirable but delicate balance between outside support and local control. There are no people in the federal government or in the foundations who consciously want to control colleges but there is a natural tendency for those who are distributing money to expect to have their opinions seriously considered.

These are exciting times and I am in no sense decrying the changing relationships in higher education, but I thought that you would like this brief description of developments.

Thomas H. Richardson

Dormitory curfew has been extended for all women until 2:00 a.m. on the Evening of the Christmas Ball December 9, 1966.

## Homecoming A Farce? Here's Why

Last issue's lead editorial heralded the coming of Homecoming weekend as an "unprecedented affair." Little did we know as we wrote that editorial just how unprecedented Homecoming would be. Never before has there been a Homecoming without a float competition, but for all intents and purposes, Homecoming 1966 was just such an affair.

Members of twenty-four campus organizations prepared for that one event for, in some cases, as long as six weeks. In addition to the many hundreds of hours that these organizations spent building their individual floats, the vast sums of money devoted to the construction of these floats must also be considered. The SGA, through CLUB, reimburses each organization participating in the float competition the sum of \$30.; the minimum cost for any float is approximately \$75. Therefore any organization constructing a float enters the competition facing a loss of at least \$45. It is obvious that the five finalists spent far in excess of the reimbursement allowance.

But conscious of both the financial investments and time-consuming efforts which go into the completion of these floats, twenty-four organizations still chose to enter the competition — their only reward being a chance at winning one of the five trophies and the opportunity of demonstrating their own particular creativity in the Homecoming Parade.

Other unexpected difficulties such as the extremely cold weather and a dimly lighted parking lot added to the inconveniences which seemed at times to make the parade an impossibility. However, despite these handicaps, the members of these groups, numb from the cold and exhaustion, cheered the beginning of the parade which started exactly at the scheduled time.

The parade was a great success. The floats were indeed a credit to the people who built them. The marching band provided extra color to the parade. Even the weather began to cooperate; the sun broke through the morning's heavily overcast sky. And, even more important, the parade's timing was perfect, the floats returning to campus exactly on schedule.

But at this point the picture changed. The judges were late, the football game was about to begin, and the pre-game Homecoming float parade with a description of each float was eagerly anticipated by the students. The floats had circled around the field; Edward Helvey had just begun the presentation of the floats when he was all but bodily removed from the announcer's stand. The game began and the floats were removed to the freshman parking lot. Only the five winning floats were ever to be seen again.

The only explanation, or rather apology, that has been offered by members of the Montclair Athletic Commission (the organization responsible for the programming of all athletic events) is that the psychological effect on both teams of postponing the game and "our commitment and obligation as hosts to the University of Bridgeport" prevented the delay of kick-off for even the five or ten

minutes necessary to complete the pre-game show. What went disregarded in the decision to start the game as scheduled was the psychological effects on the students who built the floats or who came to see them. Also disregarded was MAC's "commitment" to the students and alumni of Montclair who through their Student Government Association and the College Development Fund have chosen at the expense of \$40,000 to provide MAC with the facilities on campus such as a stadium to seat 4,000 people and a newly-sodded field on which to conduct such athletic programs as the Homecoming football game.

It seems to us then that the obligation to the students of Montclair who worked so hard and so long to provide an outstanding Homecoming program far outweighed "our obligation to our visitors." Furthermore, we feel that the ten minute presentation of the floats would have been entertaining enough to our visitors that they would easily have overlooked the delay in the kick-off.

Obviously, what has already happened cannot be corrected, but steps should be taken to prevent such insults to the student body in the future. It is insulting to the students who have donated so much time and money to be told that their Homecoming parade—possibly the most important singular event of the college year—must be reduced to a shambles because it is ten minutes too late.

## Congratulations!

We of the Montclarion wish to congratulate those students who have been named finalists in the Who's Who In American Colleges and Universities balloting. Our congratulations also go to the remaining semi-finalists in the competition. At this time, we would also like to thank these students for their contributions to Montclair State College. Their various contributions in their own individual areas of endeavor have greatly enhanced all areas of campus life. Obviously, these eighteen people are not indicative of the scope of contributions of the Senior Class to the school. However, the Who's Who publishers limit the number of participants a school may have. We can be proud of the abilities, interests and achievements evident in our group of finalists. Montclair once again has chosen their most energetic and promising students to represent them nationally. Again, our congratulations and best wishes to the eighteen finalists.

## A Welcome Addition

The Montclair State College Student Review Board, newly created by the SGA, should be a welcome addition to the campus. This review Board, which will hear and act upon appeals of campus traffic violations, promises to become an efficient and equitable means of solving disagreements over violations.

Certainly, it cannot help but reduce hostility toward the parking and traffic authorities, since students will now have an opportunity for the review of violations by a body other than the one issuing the accusation.

The review board will also serve as the first source of discipline for the chronic violator of campus traffic and parking regulations. However, we hope that an increasing atmosphere of cooperation rather than hostility will help in reducing both the total number of parking violations committed and the ranks of chronic violations.

## HOMECOMING FLOAT COMPETITION 1966

### NOTICE!

All Montclarion editors and assistant editors, in addition to all staff members, are reminded to attend the Editorial Board election meeting, Tuesday, December 6, 1966, at 4:00 p.m. in the Publications Office.

(As Seen By The Students In Spayue Field)

CPB

## Letters To The Editor

The editors request that students who submit letters to the MONTCLARION kindly limit them to 200 words and submit them typed, double spaced.

To the Editor:

While attending MOC concerts here at Montclair, it has come to my attention that the behavior of students at these concerts is not appropriate. Many people, not only music majors, have reacted unfavorably to the lack of concert etiquette. Why should a person who comes to enjoy a concert be subjected to distractions? There should be respect for those who are listening and performing.

The concerts at Montclair State, sponsored by MOC, are of the highest caliber in the state. All students should be able to take advantage of what is offered and expand their education. The SGA has made it pos-

sible for MOC to provide the finest musical programs for you.

Please show a concern for what is happening on campus. Come to our concerts, for they are yours too. Sit back and enjoy the music. Maybe there is something that you will hear and enjoy.

Bruce R. Deisinger  
Class of '68

Editors Note: The following letter was received by Dr. George King, Director of Admissions, and was forwarded to the Montclarion. The name of the author has been withheld, but is available at the Admissions Office.

Dear Sir:

On November 8, I visited Montclair with my son so that he could see the campus and obtain some information from the Admissions Office.

Our first difficulty arose from

the fact that the directory map at the information center was obsolete and indicated the Admissions office at an old location. After being misdirected twice we finally learned that the Admissions Office was located down along Valley Road. Even at that point we were unsure of ourselves because there were no direction signs to properly identify the building.

After considerable walking we returned to our car in the students parking area only to find that someone had deflated two of our tires. Unfortunately, we did not have a hand pump in the car so we sought assistance at the maintenance department only to find that they were not equipped to handle such an emergency. However, a young lady in the office was kind enough to call a local gas station to send a service truck. This entailed a service charge of \$6.00 as evidenced by the enclosed bill, as well as a delay of over one hour.

We have visited a number of other colleges and universities in New Jersey and never experienced such annoyance and frustration as we did on this occasion.

I am taking the liberty of calling this incident to your attention as I feel that measures should be taken to correct these shortcomings; otherwise, you may be faced with more unhappy visitors.

To the Editor:

We Montclair - Exchangers at Chico are submitting this article to you for publication. Would you like articles such as this one on a regular basis for use in the Montclarion?

Across the lush green lawns of the Chico State College campus tromped fifteen Montclair Exchange Students (otherwise known as the "foreigners," can

(Continued on page 11)

## SEAM SLANT

There appears to be a great deal of confusion in the minds of SEAM members regarding the NEA Journal and the NJEA Review which most of you haven't been receiving. This confusion and annoyance is quite justified! This problem of magazine distribution has an explanation and a solution.

With our present system of the September membership drive, there have always been several problems with members getting their magazines. When you sign up as a member of SEAM, one copy of your membership form goes to Trenton (NJEA), another copy goes to Washington, D. C., (NEA), and a third copy stays with us as the local chapter. From the first two copies your names are put on mailing lists. When these lists are complete and all member-the magazines are sent to the members on the lists.

Since membership in New Jersey was available only until the NJEA Convention, all members should now be registered with both NJEA and NEA.

Usually mailing lists are not complete until December. Therefore, magazines begin coming to your home, dorm, or off-campus addresses around January. Before this time magazines are picked up at the Fishbowl.

Some of you may have received the NEA Journal for November through the mail. This may be due to the more expanded national facilities that NEA has in Washington in comparison to the more limited state facilities of NJEA in Trenton.

A solution has been found to this problem and will be tried within this school year. The college membership drives will be advanced from September (fall semester 1967) to April or May (spring semester 1967). Those of you, that is, freshmen, sophomores, and juniors, who are now members will have the opportunity to renew your memberships for the next school year. This will enable both NJEA and NEA mailing lists to be completed during the summer so that you will begin receiving the magazines and other special publications in September when you should be getting them!

In September, a shorter membership drive will take place for the incoming freshmen and for transfer students. They will then be the only ones to receive the magazines at the Fishbowl. Al-

so, the mailing lists will be completed sooner because of the smaller number of new members and these members will receive their magazines earlier in the year, too.

This whole new service is being made available to us through the services of NJEA and its new data processing equipment. We hope this new system will eliminate much of the confusion and annoyance in obtaining the NEA Journal and the NJEA Review between September and January.

Karen Sellick  
SEAM, Pres.

## An Open Letter To The MSC Student Body

The members of the Homecoming Committee wish to express their gratitude to the MSC commuters for their cooperation in car removal from the Freshman Parking Lot on Friday, November 18. At 4:30 p.m., the lot was full; at 5:00, only three or four cars remained.

We also like to offer an explanation of the circumstances surrounding float display before the Homecoming game and at halftime.

Preliminary judging was set at 1:00 p.m. At exactly that time, the float parade returned to campus. The judging, however, was delayed by the lateness and/or cannot take place without judges. May we all agree that judging cannot take place without judges.

At approximately 1:25, judging was ready to begin. Two floats passed the reviewing stand and were described to the audience.

1:30 -- Ed Helvey, our announcer, was all but bodily removed from his chair, and the microphone was snatched from his hand by the "professional" announcer.

The game began, surrounded by a solid wall of floats. The float drivers were naturally confused -- they awaited Ed's friendly voice to give them directions.

1:35 -- The word was "politely" given: "Get those floats off the field." The drivers eagerly started their vehicle motors. But the floats could not be moved -- one

of our Bridgeport "guests", a male cheerleader, stood in the center of the track, blocking the way.

1:40 -- President Richardson felt compelled to personally ask our "guest" to remove himself from the track. He graciously complied, and the floats moved off the field.

1:45 -- The judges were still walking the length of the Frosh Lot, trying to do their job well. You know the rest.

To all those souls who braved the winds and cold in order to build floats which could not be properly displayed at the game, we extend our sincere regret for the events of that day. We believe these unfortunate happenings would not have occurred if a little more cooperation existed between MAC and the rest of the campus.

Diana Brackett  
Leonard Elovitz  
Co-Chairmen, Homecoming '66

## IT'S YOUR SGA

MONTCLARION

Its Your S.G.A.

Lately with the ever growing parking problem it has been the opinion of the S.G.A. that students should have means of appealing tickets, not to the office where they originated, but to a group of students appointed by the S.G.A. for just such a purpose.

An S.G.A. committee has met and proposed this new "Student Appeals Board." The members of the committee were Bill Fowler, Hilary Greco, and Marilyn Genaro. On Tuesday, November 29th, the SGA Legislature passed the Bill instituting this Board. As of this printing it has not been decided whether appeals submitted before the formation of this board shall be considered.

### Article I NAME

Section 1. The name of this organization shall be the Student Appeals Board of Montclair State College.

### Article II POWERS

Section 1. The power of this board shall extend to all disputes arising from parking violations.

Section 2. The board shall have the final decision as to the validity of the appeals.

Section 3. This board shall have the power to impose restrictions upon constant violators.

a. Those violators who have not paid their fines shall have their official transcripts held by the college until said fines are paid.

b. Those students who have five (5) or more violations shall appear before the Appeals Board which shall decide whether or not the violator shall appear before the Dean of Students.

Section 4. This board shall have the power to call up any violator whose appeal may be in question. The violator may then present his case to the board.

Section 5. This board shall have the power to solicit the opinions of the officer who issued the violation.

### Article III MEMBERSHIP

Section 1. This board shall be composed of five (5) full time students at Montclair State College.

Section 2. This board shall be composed of at least three commuters.

Section 3. The members of the board shall elect a chairman from among themselves. He shall have the power to preside over each meeting according to Robert's Rules of Order.

Section 4. This board shall be appointed by the President of the Student Government Association upon approval of two-thirds of the Legislature.

Section 5. The appointments shall be submitted to the Legislature by the second regular meeting.

Section 6. Students who have had five (5) or more violations in one academic year shall not be eligible for membership on the board.

### Article V. RESIGNATION

Section 1. A member's resignation shall be recognized upon the receipt of a formal letter from that member to the President of the Student Government Association.

### Article V Removal From Office

Section 1. Misconduct of neg-

## Floats Highlight Homecoming Weekend

(Continued from page 1)

runner. The coyote represents the high schools of the nation who are eagerly chasing Montclair. Graduates represented the roadrunners. Welcome Back Alumni.

PHI SIGMA EPSILON says: "It seems that one of our men's dormitories - Stone Hall - is burning up with knowledge and no one, not even **Smokey Stover** or the Chief, is able to put out the fire.

THE INDUSTRIAL ARTS GUILD presents **Peabody and Sherman** with their "Way-back Machine." Here they are, standing in front of their machine, as they go back to the year of Montclair's founding - 1908.

Psi Chi brings **Snuffy Smith** to Montclair Smith. Yes, he's here, straight from Skunk Hollow. The rumor is that Snuffy's moonshine wasn't potent enough for the natives of Skunk Hollow, so he's trying out his new formula here at MSC.

ALPHA CHI BETA wishes for a whale of a victory. We are aided by **Pinnocchio** and **Jimminy Cricket**, who wish on a star, while **Monstro** the Montclair whale does his part to help us beat Bridgeport.

We would like to take this opportunity to extend a warm welcome to Montclair's alumni. We hope you all enjoy Homecoming Weekend as much as we have in working for it.

To the team, we again wish the best of luck and a "whale

of a victory."

IOTA GAMMA XI presents their first Homecoming float-the **Jolly Green Giant**. Undoubtedly the most striking football player in the land, the Jolly Green Giant embodies the spirit and power of the Indians as they crush Bridgeport.

THE CLASS OF 1970 presents **Casper the Friendly Freshman**. Casper is wearing the traditional Frosh dink and that oh-so-heavy plaque, as he experiences the Freshman orientation during his first few days at Montclair.

SENATE presents **Charlie Brown**. Charlie Brown, with diploma in hand has known the security of Montclair for four years. Upon graduation, he is faced with the prospect of being greeted by the eager hand of Uncle Sam or taking advantage of his expressed desire to educate others. Thus, the men of Senate join with him in asking, "What next, Charlie Brown?"

OMEGA CHI presents football in the Stone Age. Fred and Barney of the **Flintstones** are the players. The 25 hundred-year-old brewmaster occupies the press box. He is telling us about the origin of football.

BETA EPSILON TAA welcomes the alumni and undergraduates to the 1966 Homecoming game. We present to you the past and present with **Beanie and Cecil**. Cecil represents the prehistoric era when our beloved Alumni roamed Montclair's campus. Beannie seeks knowledge as a Freshman and prepares to face

the complex world of today.

GAMMA DELTA CHI presents the **Little King**. Montclair State College now being modernized and beautified, feels an urgent need for more residence halls.

(Continued on page 10)

## The Lovin' Spoonful Appear In Concert

"The Lovin' Spoonful" appeared in Panzer Gym Saturday, November 19, for the first Homecoming concert, before a sell-out crowd. "The Strangers" appeared first dressed in mod clothing. They sang such songs as "Land of Music," "Hello Stranger," and "Here Come The Tears."

After a brief intermission, "The Spoonful," John Sebastian, Joe Butler, Steve Boone, and Zal Yanovsky, also dressed in the mod style. They sang such favorites as "Rain on The Roof"

"You Didn't Have To Be So Nice," "Younger Girl," "What a Day For A Daydream," "Did You Ever Have To Make Up Your Mind," and "Summer In The City."

## University of Hawaii

(Continued from page 5)

Junior Class Tricycle Race

Kappa Sigma Rho's Fifth Place Float, "Victory or Curses"

## Floats Highlight Homecoming Weekend

(Continued from page 8)

The Little King says that more students on campus in dormitories will form a foundation for bigger and better college life and activities. The Little King stands in his royal court with a proclamation of new and larger dormitories.

DALPHAC presents "An Ode to Dick Tracy." Joining with our undergrads, Get caught up new car-game. It's called the "race for space." Play it with two thousand cars. Five hundred parking spots. Add a ton of mud, some stones. An early morning class. A touch of fog for atmosphere. A dwindling tank of gas. Be happy and complacent. If there's a place for you. Be happier still if you don't find, that little slip of blue.

DELTA OMICRON PI presents Dumbo. In order to meet the needs of a rapidly-growing student body, Montclair State College has been expanding in many areas. One aspect of the expansion program is the construction of Panzer Pool. To symbolize student desire for completion of the pool, the women of Pi have chosen Dumbo to fill our pool. Dumbo embodies the hopes of our campus as "We await the Big Splash."

KAPPA SIGMA RHO presents Snoopy, that beloved and mischievous dog from the cartoon

strip Peanuts. Although Snoopy is usually gunning for the Red Baron, today he's one of the Indians, gunning for the Purple Knights of Bridgeport. Snoopy cheers the Big Red with his own battle cry: Victory or Curses.

KAPPA RHO UPSILON, presents Ferdinand the Bull. We see the friendly bull, in complete serenity, squatting on that dreadful foe - The Purple Knight. This is Ferdinand's way of helping the Indians snuff out Bridgeport.

LAMBDA OMEGA TAU, presents Goofy. Goofy reveals our Alumni's secret to success; "No Goofin' off to excess." Although MSC students participate in the many extra-curricular activities, their time is mainly devoted to the books - as shown in this float.

### The Game

After the float parade there was a football game against the University of Bridgeport. The University of Bridgeport took the lead early in the first quarter 7-0 and increased their lead to 1-0 late in the second quarter. There was no scoring at all in the second half. Bridgeport won the game by a score of 1-0.

### The Concerts

Saturday night at 8:30 p. m. "The Lovin' Spoonful" appeared in concert in Panzer Gym before a sellout crowd. "The Strangers"

also appeared.

Sunday morning at 10:30 a.m. clean-up started. Also in front of Life Hall at 10:30 a.m. the Junior Class sponsored the first "Junior Class Annual Tricycle Race," which was won by Kappa Rho Upsilon and the Montclair State Sports Car Club.

Later on Saturday afternoon, at 3:30 p.m., there was a Folk Fest Concert in Memorial Auditorium featuring the "Dirty Birdie" and "The Carlsisle Trio."

## Europe for \$100

Switzerland—A do-it-yourself summer in Europe is now available. The new plan makes a trip to Europe, including transportation, possible for less than \$100. A complete do-it-yourself prospectus including instructions, money saving tips and a large selection of job opportunities along with discount tours and application forms may be obtained by writing to Dept. X, International Travel Est., 68 Herengasse, Vaduz, Liechtenstein (Switzerland) enclosing \$1 with your inquiry to cover the cost of the material, overseas handling and air mail postage.

## Student Teaching and Placement Office

All Seniors are reminded that a Physical Examination is required prior to student teaching.

You may use either the facilities of the College Health Service or your private physician. If you use the college facilities, please sign for an appointment on the Bulletin Board outside the student teaching and placement office, and keep your appointment. If you use your own private physician, please bring his report to the College Health Office.

Phi Sigma Epsilon's Float, "Smokey Stover."

Vronsky and Babin Duo Piano Team

## Vronsky and Babin to Play In MOC Sponsored Contest

On Wednesday, December 7, at 8:30 p.m. in Memorial Auditorium, there will be a performance by the world-famous piano team, Vronsky and Babin. This team was among the first to perform in the opening week at Lincoln Center and now is appearing at Montclair.

Vronsky and Babin have played with many orchestras such as the Cleveland, Indianapolis and Phoenix Symphonies along with many recitals throughout the country. **News-week** writes that Vronsky and Babin are "The most brilliant two-piano team of our generation."

Mr. and Mrs. Babin have done many performances as a husband and wife team. On December 8, 1942, they played the first performance of the Rachmaninoff Symphonic Dances Op. 45, transcribed for two pianos. They have given over 1300 concerts in North America alone and have appeared as soloists with virtually every major orchestra on the continent.

When their career first started in America, there were very few works for duo-piano, but the team inspired such composers as Lapatnikoff, Arthur Benjamin and Darius Mlihaud to "pen scores for them."

Not only in North America

## Players Workshop To Feature Brecht

As the first workshop production of the year, Players will present a translation of Bertolt Brecht's two short plays "The Man Who Says Yes- The Man Who Says No" next weekend, December 8 and 10 at 8:30 p.m. in Memorial Auditorium. Mr. William Kuchon of the Speech Department will direct the translation of the Brecht plays, the first English production of the playlets in the United States; the performance will be followed by a discussion of the play and Brecht by the director and Mr. James Pettegrove and Mr. Donald Sobolik.

The cast includes Cynthia Gary as the Mother, Walter Kotrba as the Boy, and Michael SanGiovanni as the School Teacher. Also in the cast are: Scott Watson, Jay Hudnut, Dennis Righetti, and Mark Rudnick.

Tickets are free to all Montclair students and may be obtained daily at the box office in Memorial Auditorium between the hours of 10:00 a.m. and :00 p.m.

are they famous, but are also international figures. Vronsky and Babin have appeared at four top music festivals: Edinburgh, Prague, Vancouver and Aspen, along with many performances in London's Royal Festival Hall.

Vronsky and Babin are educators as well as performers. Dr. Babin is Director of the Cleveland Institute of Music and Miss Vronsky is artist-in-residence at the same school. Dr. Babin has composed orchestral, instrumental, vocal and chamber music works.

Students are admitted with SGA card, faculty free and all others \$1.50.

## Its Your SGA

(Continued from page 7)

lect of duties on the part of any member of the Student Appeals Board shall be considered grounds for removal from office. The President of the Student Government Association shall have the power to remove, at his discretion, those committee members he has the power to appoint.

### Article VI MEETINGS

Section 1. The board shall be convened at least twice a month. The specific time to be determined by the general consent of the membership.

Section 2. Meetings of the board shall be opened to the public upon the board's discretion.

### Article VII PROCEDURE

Section 1. Each member shall review each appeal individually.

Section 2. A simple majority shall be sufficient to render a decision.

Section 3. The procedure for reviewing appeals in question shall be in accordance with Article II.

Section . A member of the board cannot consider his or her ticket.

Section 5. A tie shall be decided by the Dean of Students. Article VIII - The Appeals Board for the remainder of the 1966-1967 academic year shall be appointed after a two-thirds ratification of this bill by the Legislature.

### Alpha Chi Beta

The Women of Alpha Chi Beta are proud to announce the names of the seven girls who have been selected to pledge for the spring semester. The girls are: Sandi Applegate, Barbara Baratta, Aggie Kun, Marianne Bednarz, Lois Bindi, Colleen Kimmer, and Joan Hochkeppel.

The Sisters of Beta would like to congratulate Pat Brown and Mary Ann DelNegro for the great job they did as co-chairman of Alpha Chi Beta's Homecoming float. A very special thank-you is also extended to Bobbi Faycik and "Ma" Barker for their tireless efforts.

Beta's annual Hoagie Sale will be held on December 6. Orders will be taken in advance. The price of each sandwich will be forty cents.

### ALPHA PHI OMEGA

Of the original eleven applicants for membership in the Service Fraternity, four were eventually accepted to become brothers. Nu Psi chapter of Alpha Phi Omega again wishes to congratulate former pledges Robert Day, Robert Grace, William Lang, and Martin Smith in their successful bid to join the Brotherhood. They will now join a long list of individuals who are joined together in the principles of Leadership, Friendship, and Service.

### Beta Epsilon Tau

The men of Beta Epsilon Tau are happy to announce that Steve Merkel, Tom Cushane, Ed Raymond, Joe Buttler, Bob Pfuelb, Don Campbell, and Bob Meehan have completed pledging and have been accepted in to the brotherhood of Beta Epsilon Tau Wednesday, November 23, 1966.

The men of Beta are proud to announce that Dr. Ronald Haas of the Education Department is the new fraternity advisor.

### Delta Theta Psi

The girls of Delta Theta Psi are quite proud of Sister Val Mulgrew and would like to congratulate her on being the Phi Girl-of-the-Month for November. Val was literally taken by surprise in the cafeteria last Thursday when the men of Phi approached her and sang "The Sweetheart of Phi Lambda Pi," and there she sat in slacks and Phi sweatshirt!

December 3 is an anxiously awaited Delta date. Last year's dinner dance that proved to be such a swinging success will be held again this year at the Casino de Charlz in Totowa.

Adding to the fall excitement is, of course, pledging, which will start soon after Thanksgiving vacation. Pedgemasters for this semester are Sister Mulgrew and Smith.

Just pinned is Vice-president Dinny Embley to Jack Tucker, Lambda Chi Delta, '67. Another sister, Donna Irons, was recently pinned to Bill Donovan, Rutgers. Tau Epsilon Phi. Old Delta alumni Jay Mallon, '66, brought back homecoming news that she is now engaged to John Dagelman, Psi Chi, '66.

### Gamma Delta Chi

Congratulations to the ten of Gamma Delta Chi on winning first place in Iota's Masquerade and for placing seventh in Homecoming.

### Gamma Delta Chi

Correction, in "Pinned":

KURT Epps '69, Gamma Delta Chi, to Rosemary Petrullo '68, Sigma Delta Phi.

### Also pinned

Gary Berton '69, Gamma Delta Chi, to Margaret Pettit '69.

Bill Molinski, Gamma Delta Chi to Barbara Conroy '69.

### Lambda Chi Delta

Lambda Chi Delta is proud to announce the initiation, at Dan Dowd's, of their new brothers. They are Frank Cummings, Jim Disanza, Bill Hamilton, John Kiddon, John Korp, Terry McGlency.

Lambda Chi Delta will be participating in the Greek Sing as defending champions. Lambda has been the winner for the last six years.

Pinned: David Witcher, '67, to Carol Sunberg, '67, Sigma Delta Phi.

Jack Tooker, '67, to Dorinda Embley, '67, Delta Omicron Pi.

### IOTA GAMMA XI

The women of Iota Gamma Xi are extremely happy over the success of our first annual "Iota's Masquerade" which was held on Friday, October 29. A trophy was awarded to Gamma Delta Chi Fraternity who came as "The Indians" for the best costumed group. Psi Chi who came as "Hell's Angels" won second place and a gift certificate. Iota's Fall Pledge Class under pledge mistress Joyce Gruber is comprised of five sophomores. They are Cathy Brennan, Sue Ilovsky, Anne Karpovith, Rosemarie Opiola and Margaret Ramcharran. Pledging will begin on Friday, December 2 and will end with "Hell Night" on December 15. Plans are currently under way for the induction ceremony of new sisters to be held at the Friar Tuck Inn the second week in January. Congratulations are extended to Jackie Foster and Janice Dime for their work on our Homecoming float, "The Jolly Green Giant".

### ENGAGED

Jackie Foster, Iota Gamma Xi, '68 Bill Kraemer

### PINNED

Marilyn Orlans, Iota Gamma Xi, '69 Terry Levy, University of Bridgeport '67 Sigma Lambda Chi.

### Kappa Rho Upsilon

Congratulations to Carol Todd, our newly elected Historian.

Many thanks are due to Joy Seber and Diane Steinhauer for all the hard work that went into our homecoming float,

which took fourth place. Thanks also to Lee Geary, who spent Homecoming Day inside the float, Ferdinand, moving "his" arm.

The women of Kappa Rho Upsilon were the winners of the First Annual Tricycle Race sponsored by the Junior class. Arlene Juiliano was our first place winner and Ellen Van Howling came in second place. Everyone had a good time, and we hope that more fraternities and sororities will join in the fun next year.

### With The Greeks

On February 10, 1967, Phi Lambda Pi will hold its Annual Miss Montclair State Pageant which is held in conjunction with the Miss America Pageant.

### Kappa Sigma Rho

The women of Kappa Sigma Rho are proud to announce that the following girls have been selected to pledge this semester: Joan Baudermann, '68; Carolyn Bevilockway, '68 (Chico State); Wendy Burke, '69; Pat Callaghan, '69; Bobbie De Marco, '69; Jane Glassman, '69; Roseann Kerrigan, '69; Janis Manzi, '69; Beverly Pace, '69; Peggy Pettit, '69; Marsha Saunders, '69; and Grace Zabriskie, '69.

Pledging begins December 1. On Wednesday, December 7, the pledges will sponsor a cake sale in the lower lounge of Life Hall. The support of the student body would be appreciated in this project.

The sisters are also happy to announce the adoption of a foster child, a five-year Ecuadorian boy, from the proceeds of a raffle sponsored by the sorority last semester.

Kappa Sigma Rho's annual Christmas party will be held on, December 16.

### Sigma Delta Chi

The women of Sigma Delta Chi are proud to announce the election of Diane Sheehan and Susan Walsh to head Homecoming and Greek Sing committees, respectively.

Sigma's representative at Chico State, Sue Guthrie, has been elected Vice President of her dorm. All her Sigma sisters wish her the best of everything for the coming year at Chico.

### Corrections:

Barbara Kaplan, '68, to Barry Bass, '66, Beta Sigma Rho. Rosemary Petrullo, '68, to Kurt Eps, Gamma Delta Chi.

## ACADEMIC YEAR IN EUROPE

P. O. BOX 376

RUTHERFORD, NEW JERSEY

Freshman, sophomore and Junior years. Also interim program  
Second semester group now forming. Leaves January 20, 1967

## Letters to the Editor

(Continued from page 7)

be identified by their Noo Jaisey accents.) Thoughts and conversation naturally centered around the "homeland" - the MSC campus.

"Say, guys," one of the group piped up, "maybe we ought to write to the Montclarion so that everybody back at good ol' Montclair State will know how we're doing."

"Great."

"But what'll we write about?" cried one lone dissenter. (He was immediately pounced upon by fourteen other Montclair students, all eager to tell of their views and experiences on the Chico campus.)

"We'll tell them about the campus. How about that really spiffy stream trickling through the main quad? (A good place to dangle hot, tired feet.) And would you believe a rose garden. And who can forget those first mornings here when we were all abruptly awakened by the College Union bell tower's rendition of Westminster Chimes?"

"Where on the MSC campus could you get a copy of **Playboy** or any other nationally known magazine or newspaper? But we can pick up almost any publication (for that matter, almost anything) at our 'Little Bamberger's' - our College Book Store. It has everything."

"And don't forget we're taking over campus politics - Pete Eovino is Secretary of Shasta Hall (boys' dorm) and at Lassen Hall (girls' dorm) Sue Guthrie was elected Vice President; and Penny Lattimer, Secretary. We also got a clean sweep in the Montclair-Chico Exchange Club with Pete Eovino, President; Penny Lattimer, Vice President; Connie Mazurek, Secretary - Treasurer; and Publicity Chairman, LaVerne Sack."

"We're having fun in other activities, too. LaVerne Sack and Gayle Crustowski were asked to run as Shasta Hall Homecoming Queen candidates. Gayle won and will be sponsored by the Shasta Hall men in the campus-wide Homecoming Queen contest. Penny Lattimer and Connie Mazurek are busy arranging songs and training voices for the Lassen Hall Chorus in the annual Fall Sing." (Closely akin to our Greek Sing.)

"Of course, we don't stay on the Chico campus all the time. The travel bug has hit us all - with weekend excursions to Sacramento, and San Francisco - where we've enjoyed cable cars, Fisherman's Wharf, cable cars, Grant Street Chinatown, and more cable cars. (Love those cable cars.)

"Our contingent of fifteen grew to sixteen for a week when Miss Marie Frazee visited the Chico Campus to "check out" facilities. Dr. King, we expect to see you out here next."

"Even though we're having a bopping time at Chico, there is no substitute for the Montclair State College Campus, our friends and activities - and of course, the New York City skyline."

"Hey, wait - we want to hear from everybody back at Montclair. WRITE - or else."

(Note: Girls may be reached at Lessen Hall, Chico, California; and boys at Shasta Hall, Chico, California, Zip 95926)

Penny Lattimer and  
Connie Mazurek  
Co-correspondents

## Returning Lettermen Spark Fencers' Hopes

The 1966 - 67 season will make Montclair State's College's third in fencing on a varsity intercollegiate level. In two previous years, the Indians have been able to win only one dual match in 13.

Coach Macke's hopes for a successful season will revolve around several key returning lettermen and a number of promising freshmen. In sabre, the leading pointmakers figure to be Dale Rodgers, Robert Roszko and Richard Tarmezian.

The foil team will be built around Joe Restaino, Ed Faleski and Richard Gould. In epee, Mike Frenko, Bob Mac Lennan and Bob Hinek will handle the major competition. Rodgers, who fenced for Macke at Ramapo High School, is the Indians captain.

Joining the MSC coaching staff this year, Macke comes to the Indians with an outstanding re-

## WITH THE GREEKS

(Continued from page 10)

Sigma Chi will be held on Saturday, December 3. Welcome Back, Alumnae.

We would like to congratulate all the new sisters of Montclair's sororities and wish them all the best of luck during pledging.

### Tau Sigma Delta

Tau would like to welcome their new brothers: Larry DeCaro, Junior, Physical Education; Ken Wieme, Junior, Music; John Duggan, Junior, Social Studies; Bob Lehman, Sophomore, I. A.; Bill Wolf, Sophomore, Music.

On December 14, the men of Tau will present their annual Christmas Caroling program.

They will entertain all the dorms and sing throughout Upper Montclair.

January 6, marks Tau's annual "Come As You Are" dance, featuring a band, door prizes, and many other treats.

### Theta Chi Rho

Engaged;

Janice Franco, '67, Theta Chi Rho to George Kelly of Paramus.

Rae Vella, '67, Theta Chi Rho to John DeFalco of Irvington.

In seven years as Ramapo Regional High School (Franklin Lakes, N. J.) Macke posted a highly impressive dual meet record of 67 wins, 9 losses and 5 ties.

## Sports 'n' Stuff

by Alan Friedman

Cassius Clay (or Muhammed Ali, as he likes to be called) has successfully defended his title five times. Before each fight, it was evident that the majority of people concerned with the fights would like to have seen the challenger knock Clay out in the first round. It hasn't happened yet, and may never happen. Whether or not these fans like to believe it Cassius Clay is the best fighter around today, and perhaps one of the best in the history of boxing. He's big, very strong, and amazingly quick for a man his size.

There seems to be two reasons for Clay's unpopularity. The first is the fact that Cassius has a tendency to "shoot off his mouth." The second reason is that he is a Black Muslim.

It is true that Clay does overstate his claims. Boxing, however, has been in a tailspin as of late, and Cassius' verbal vigor has been keeping the sport interesting. It certainly hasn't hurt. As a matter of fact, Clay hasn't been the only one shooting

off his mouth. Before the fight between Cassius and Cleveland Williams, this writer heard a taped interview with Cleveland Williams' fight manager. If anyone thinks Clay is loud, they should have heard Williams' manager talk about how there was going to be a new world's champion. At least when Cassius Clay makes predictions, he's right.

As mentioned above, the other reason for Clay's unpopularity is that he's a Black Muslim. In our democracy, it's not supposed to matter what a man looks like, or what he believes in. What Clay wants to think and preach is his own business. There's no law that says anyone has to listen. No matter what he may believe in, the fact still remains that he is a great fighter. Jimmy Brown lost some of his popularity when he made statements as to what he believed in. It will be too bad if any of his accomplishments, like Clay's, are dimmed because of his beliefs. Both are tremendous athletes and they have worked awfully hard to get as far as they have up to now.

Whether or not any athlete is popular with the fans, his beliefs are his own, and his ability can never be taken away.

## Ferrismen Optimistic With Three Returning Lettermen

It will take a great deal of doing for the Indians to duplicate last year's outstanding dual meet record of 11 wins and 1 defeat. The Ferrismen dropped a close 20-11 decision to powerful East Stroudsburg State (Pa.), then speed through 11 straight opponents and finished the season by placing second in the Metropolitan Intercollegiate Championships.

Major losses from last year's team are Jerry Barks (16-4-1) and Norman Aprile (15-1-0). Barks graduated while Aprile did not return to school this past September.

Lettermen returning to the team this year are: Carl Bate-man (123 - Senior), Tom Stark (130 - Senior), Tom Ackers (137 - Sophomore), John Sutton (145 - Sophomore), Steve Hunter (152 - Sophomore), Jim Grieco (160 - Sophomore), Dai Leer (167 - Senior) and Jeff Rosen (191 and Heavyweight - Senior).

The Indians also boast two brilliant freshmen in Bob Hurley of Bergenfield, N. J. (123) and Bill Kulikowski of Irvington, N. J. Hurley was generally regarded as one of the finest wrestlers in New Jersey last year while Kulikowski placed second in the N. J. state tournament. Other newcomers to watch for are: Ken Warren (130 - Junior), John Lyon (167 - Junior), Robin Gutmann (Freshman), Mark Niesslen (Freshman), Doug Nagoki (152 - Freshman), Mike Nuzzo (177 - Freshman), and Heavyweight Freshmen Bill Savage and John Dreher.

Top opponents during the 1966-67 season will be East Stroudsburg State (Pa.), New York Maritime Academy, C. W. Post and Oneonta State (N. Y.). The first meet is Saturday, December 3 at Marist.

## Students Selected

(Continued from page 5)

Dr. Thomas Richardson, president of Montclair State College. The Invocation was given by Dean Allan Morehead. The Welcome to the banquet was given by Lillian Brust, the chapter president, and Janet Davies, chapter vice-president, was the toastmaster for the evening.

Following the dinner, the new candidates were introduced by Miss Brust, who then led them in the pledge of membership to Kappa Delta Pi.

The evening was climaxed by an address, entitled "The Witness for Education," given by Mr. Lawrence Conrad. Mr. Conrad is Professor Emeritus at Montclair State College.

In addition to the president and vice-president other chapter officers of the honor society present at the banquet were Irene Podgorski, recording secretary, Nancy Peters, Corresponding secretary, Reba Cohen, treasurer, and Diane Gote, historian. The two advisors, Prof. Earl Peckham and Prof. Horace Shephard, and the counselor, Prof. Victoria Filas were also present at the banquet.

The new inductees were required to wear the colors of the honor society for the remainder of the week.

## Tickets Available For Xmas Tourney

Tickets are now available for the New Jersey Kiwanis Basketball Classic which will be held December 27, 28, 29, and 30 at Panzer Gym. The cost of student tickets bought in advance will be \$1.00. Otherwise, at the door, everyone will be obliged to pay the \$2.00 general admission fee. Mr. Henry Schmidt, Director of Athletics, has a limited number of student tickets, so purchase yours early. Montclair opens up against Paterson State at 0 p.m. on December 27, in the second half of a double header. In the first game at 7 p.m. Bloomfield College will play Newark College of Engineering. If the Indians defeat Paterson, then they will play the winner of the NCE-Bloomfield game on December 29 at 9 p.m. The championship game will be on Dec. 30 at 9 p.m. with the clash for third place scheduled for 7 p.m. Other teams in the tournament are Upsala College, Newark Rutgers, Madison-Fairleigh Dickinson, and Pace College.

A limited number of dormitory rooms will become available for temporary periods during the second semester. Commuters who are interested should contact either Mr. Raymond Stover or Mrs. Lois Redd in the Student Personnel Office in College Hall.

## Physical Education Workshop To Be Conducted December 3

Teachers and students from all over the state will gather at Montclair State College for a Workshop on Physical Education for Elementary School Children Saturday, Dec. 3. The workshop, sponsored by the Panzer School of Physical Education and Hygiene at the college, will be held in Panzer Gymnasium from 9:30 a.m. to 1 p.m. and will feature demonstrations by school children and lessons by master teachers. Invitations have been issued to classroom teachers, physical education teachers, elementary principals, and student majors in physical education and general elementary education in all New Jersey colleges.

Children from Bradford School Upper Montclair, and from the schools in Maywood will take part in the demonstrations.

Guest instructors will be Jeff Alino of the Maywood Elementary Schools, who will present sport skills appropriate for elementary boys, and Mrs. Ada Visaggi and Miss Barbara Harris of the Montclair Public Schools, whose subjects will be circuit training and games for elementary school children.

Dr. Hazel Wacker, professor of health and physical education at Montclair State, is workshop chairman. Dr. Wacker also has charge of a section on folk dances for primary grades, which will include a discussion of historical and cultural backgrounds. Other members of the Panzer staff who will serve as instructors are: Miss Virginia Crossman appropriate exercises on selected pieces of apparatus; Miss Catherine Paskert, sport skills

for elementary school girls; and Mrs. Betty Sommer, movement activities with everyday objects.

The registration fee will be \$1 for teachers and \$.50 for students with SGA (Student Government Association) cards.

## MSSCC Gives Result of Rallye

The results of the Montclair State Sports Car Club Rallye held on November 12, 1966 are:

First Place: Driver, Dave Pommel, North Haledon; Navigator, Jim Cooney, Bloomfield; Second Place: Driver, Ray Mohrle, Paterson; Navigator, Nancy DiGirolamo, Garfield; Third Place: Driver, Walter Angilly, Parsippany; Navigator, Bob Siederer, West Orange; Dead Last: Driver, Pat Delaney, Hackensack; Navigator, Michael Bahnatka, Montclair; (Yes, there is a prize for "Dead Last"!)

This MSSCC Rallye was an even greater success than the last one. In the November 12 event, even a milk truck entered. The unusual thing is that it placed better than some sports cars, which shows that if a milk truck can do it, you can, too. If you would like to try, the next Rallye will be held on December 3, 1966, at 7:00 p.m., in the Freshman parking lot.

The Rallye will be a Poker Rallye entitled "How about a pair?" which is the follow-up to our first Rallye: "Would you believe a Flush." Trophies will be awarded for 1st through 3rd, Driver and navigator, and dash plaques for 4th through 27th. There will be a \$2.00 entry fee.

Bob Gleason

## FDU, Glassboro And Queens To Challenge Indian Cagers

The Varsity Basketball team will host Fairleigh Dickinson University's basketball squad on Tuesday at 8:15 in Panzer Gym. Last year Fairleigh squeezed out a narrow 88-79 win and this season Montclair's varsity mentor Dave Watkins is looking for a reversal. Fairleigh is led by 6'6" Reggie Foster who lead the team in scoring and rebounding last season; the former Plainfield High School star averaged just over 13.0 in both categories. Also playing a prominent role for the Rutherford school are Bob Rennie who averaged 11.2 ppg last season and 5'10" guard Al Paterna who averaged close to 10.0 ppg. If the Indians are able to do well against Fairleigh, it should give a good indication of how the team will fair the rest of the season.

On Friday, December 9 the varsity and junior varsity cagers will travel to Glassboro State to take on the Profs in a New Jersey State College Conference clash. GSC has lost

through graduation two of their top point makers, Joe McAteer and Lou Polisano; but the Profs are always up for their game with Montclair. The Redmen will visit Queens College on Monday, December 12; last year MSC trounced the New York team 98 to 77. Queens College is led by 6'9" center Larry Zolot.

Last year's attendance at the basketball games was encouraging and with the fine teams that coaches Watkins, Bornstein, Szem and Coveleski plan to field it is hoped that more fans will turn out this season to root for the red and white.
